English as a Second Language School Classes Monday-Friday

While we have had to take a break because of Covid, we will soon be continuing our ESL classes. Our ESL program is helping refugees learn English and get the tools necessary to become productive citizens of our community.

Rosetta Stone Computerized Language Labs

Language labs are proving to be extremely popular and a great tool in assisting our students to get a working grasp of English.

Food Ministry Continues to Grow

In addition to providing our immigrant and refugee students daily boxes of food, our weekly distribution of food & clothing on Tuesday mornings to the community continues to grow.

Growing into Citizenship

It is exciting to help our students grow and become productive citizens of our community!

Students Work in Our Community Garden.

We are delighted that Paradise Valley Hospital has partnered with us, leasing us a large parcel of land to develop into a community garden for the families of National City and South San Diego.

P. V. Thrift Store Is a Job Training Site

Advanced English language learners can gain valuable job skills at our store.

Our store is located at:
3400 E. 8th Street, Suite 112
National City - 619-399-5998
